Medical agreement 2024

Dear Parents/Guardians,

Glen Huntly Primary School provides appropriate support to students with health care needs to support students at Glen Huntly Primary School who may need medical care or assistance, including asthma, allergies, and anaphylaxis.

At enrolment or when a health care need is identified, parents/carers should provide accurate information about the student's condition or health care needs, ideally documented by the student's treating medical/health care practitioner on a Medical Advice Form (or relevant equivalent).

Student Health Support Plans (including asthma, allergies and anaphylaxis) will be reviewed:

- When updated information is received from the student's medical practitioner.
- When the school, student or parents and carers have concerns with the support being provided to the student.
- If there are changes to the support/medications being provided to the student, on an annual basis.
- Before an excursion/camp.

Parent's Agreement

In signing this agreement, I agree:

- To provide updated information as requested or as above.

I have thoroughly read and understood the information contained in this agreement and will abide by it.
